MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The consolidated financial statements are the responsibility of the management of the Town of Picture Butte (The Town).

These consolidated financial statements have been prepared from information provided by management. These statements include certain amounts based on management's estimates and judgments. Management has determined such amounts based on a reasonable basis in order to ensure that the financial statements are presented fairly in all material respects.

The Town maintains systems of internal accounting and administrative controls that are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and that the Town's assets are properly accounted for and adequately safeguarded.

The elected Council of the Town is responsible for ensuring that management fulfills its responsibility for financial reporting and is ultimately responsible for reviewing and approving the financial statements. Council carries out this responsibility principally through its Audit Committee. The Audit Committee is appointed by the Council and meets periodically with management and the external auditors to review significant accounting, reporting and internal control matters. Following its review of the financial statements and discussions with the auditors, the Audit Committee reports to the elected Council prior to its approval of the financial statements. The Committee also considers, subject to Council approval, the appointment of the external auditors. Council reviews the monthly financial reports.

The consolidated financial statements have been audited by Shawn Cook Professional Corporation, Chartered Professional Accountants, the external auditor, in accordance with Canadian generally accepted auditing standards on behalf of the Council, residents and ratepayers of the Town. Shawn Cook Professional Corporation has full and free access to the Council.

INDEPENDENT AUDITOR'S REPORT

To the Members of Town of Picture Butte

Opinion

We have audited the financial statements of Town of Picture Butte (the Town), which comprise the consolidated statement of financial position as at December 31, 2020, and the consolidated statements of operations, changes in net financial assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Town as at December 31, 2020, and the results of its operations, change in its net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Town in accordance with ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Town's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Town or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Town's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Independent Auditor's Report to the Members of Town of Picture Butte (continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 Town's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Town's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Town to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

1. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of the Town of Picture Butte are the representations of management prepared in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of the Canadian Chartered Professional Accountants. Significant aspects of the accounting policies adopted by the Town of Picture Butte are as follows:

a) Reporting Entity

The consolidated financial statements reflect the assets, liabilities, revenues and expenses, changes in fund balances and change in financial position of the reporting entity. The entity is comprised of the municipal operations as well as the organizations that are owned or controlled by the Town and are, therefore, accountable to Town Council for the administration of their financial affairs and resources.

The schedule of taxes levied also includes requisitions for education, health, social and other external organizations that are not part of the Town reporting entity.

The statements exclude trust assets that are administered for the benefit of external parties. Interdepartmental and organizational transactions and balances have been eliminated.

b) Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purpose of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed or the tangible capital assets are acquired.

c) Use of Estimates

The preparation of financial statements, in conformity with Canadian generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditure during the period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

d) Investments

Investments are recorded at amortized costs. Investment premiums and discounts are amortized on the net present value basis over the term of the respective investments. When there has been a loss in value that is other than a temporary decline, the respective investment is written down to recognize the loss.

e) Tax Revenue

Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred.

Requisitions operate as a flow through and are excluded from municipal revenue.

f) Requisition over-levy and under-levy

Over-levies and under-levies arise from the difference between the actual property tax levy made to cover each requisition and the actual amount requisitioned.

If the actual levy exceeds the requisition, the over-levy is accrued as a liability and property tax revenue is reduced. Where the actual levy is less than the requisition amount, the under-levy is accrued as a receivable as property tax revenue.

Requistion tax rates in the subsequent year are adjusted for any over-levies or under-levies of the prior year.

g) Prepaid Local Improvement Charges

Construction and borrowing costs associated with local improvement projects are recovered through annual special assessments during the period of the related borrowings. These levies are collectible for property owners for work performed by the municipality.

Where a taxpayer has elected to prepay the outstanding local improvement charges, such amounts are recorded as deferred revenue. Deferred revenue is amortized to revenue on a straight line basis over the remaining term of the related borrowings.

In the event that the prepaid amounts are applied against the related borrowing, the deferred revenue is amortized to revenue by an amount equal to the debt repayment.

h) Government Transfers

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return.

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria has been met, and reasonable estimates of the amounts can be determined.

i) Inventories for Resale

Land held for resale is recorded at the lower of cost or net realizable value. Cost includes cost of the land acquisition and improvements required to prepare the land for servicing such as clearing, stripping and levelling charges. Related development costs incurred to provide infrastructure such as water and wastewater services, roads, sidewalks and street lighting are recorded as physical assets under the respective function.

j) Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the Change in Net Financial Assets for the year.

1) Tangible Capital Assets

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value of the tangible capital assets, is amortized on a straight-line basis over the estimated useful life as follows:

	YEARS		
Land Improvements	15-25		
Buildings	10-50		
Engineered Structures	15-75		
Machinery and Equipment	5-20		
Vehicles	10-25		
Engineered Structures Machinery and Equipment	15-75 5-20		

A full year of amortization is charged in the year of acquisition and no amortization is charged in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

2) Contribution of tangible capital assets

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

3) Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

4) Inventories

Inventories held for consumption are recorded at the lower of cost or replacement cost.

5) Cultural and historical tangible capital assets

Work of art for display are not recorded as tangible capital assets but are disclosed.

9. DEBT LIMITS

Section 217 of the Municipal Government Act requires that debt and debt limits as defined by Alberta Regulation 255/00 for the Town be disclosed as follows:

		2020	2019
Total debt limit Total debt	\$	5,856,530 1,072,236	\$ 8,044,451 1,280,602
Total Unused Debt Limit	\$	4,784,294	\$ 6,763,849

Total Under Service on Debt Limit	\$	750,838	\$ 1,114,021

The debt limit is calculated at 1.5 times revenue of the municipality (as defined in Alberta Regulation 255/00) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to indentify municipalities that could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the municipality. Rather, the financial statements must be interpreted as a whole.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

13. LOCAL AUTHORITIES PENSION PLAN

Employees of the Town of Picture Butte participate in the Local Authorities Pension Plan (LAPP), which is covered by the Alberta Public Sector Pension Plans Act. The Plan serves about 260,00 people and 420 employers. The LAPP is financed by employer and employee contributions and by investment earnings of the LAPP Fund.

Contribution for current service are recorded as expenses in the year in which they become due.

The Town is required to make current service contributions to the Plan of 9.39% of pensionable earnings up to the Canada Pension Plan year's maximum pensionable earnings and 13.84% on pensionable earnings above this amount. Employees of the Town are required to make current service contributions of 8.39% of pensionable salary up to the year's maximum pensionable salary up to the year's maximum pensionable salary and 12.84% on pensionable salary above this amount.

Total current service contributions by the Town to the LAPP in 2020 were \$94,990 (2019 - 81,131). Total current year service contributions by the employees of the Town to the LAPP were \$83,994 (2019 - \$73,317).

At December 31, 2019, the Plan disclosed an actuarial surplus of \$7.9 billion.

14. CONTINGENCIES

The Town is a member of the Alberta Municipal Insurance Exchange (MUNIX). Under the terms of the membership, the Town of Picture Butte could become liable for its proportionate share of any claim losses in excess of the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

15. FINANCIAL INSTRUMENTS

The Town's financial instruments consist of cash and temporary investments, accounts receivable, bank indebtedness, accounts payable, accrued liabilities and long-term debt. It is management's opinion that the Town is not exposed to significant interest, currency or credit risks arising from these financial instruments.

The Town is subject to credit risk with respect to taxes and grants in place of taxes receivables and trade and other receivables. Credit risk arises from the possibility that taxpayers and entities to which the Town provides services may experience financial difficulty and be unable to fulfill their obligations. The large number and diversity of taxpayers and customers minimizes the credit risk.

Unless otherwise noted, the carrying value of the financial instrument approximates fair value.

19. SUBSEQUENT EVENTS

Since Decemeber 31, 2019 the outbreak of the novel strain of coronavirus, specifically identified as COVID-19, has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which included the implementation of travel bans, self imposed quarantine periods and social distancing, have caused material disruption to businesses globally resulting in an economic slowdown. Global equity markets have experienced significant volatility and weakness. Government and central banks have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions. The duration and impact of the COVID-19 outbreak in unknown at this time, as is the efficacy of the government and central bank interventions. It is not possible to reliably estimate the length and severity of these developments and the impact on the financial results and conditions of the organization.

20. COMPARATIVE FIGURES

Some of the comparative figures have been reclassified to conform to the current year's presentation. The changes do not affect prior year earnings.
